

THE SPANISH FORK PRESS

WEEKLY
ANDREW JENSEN, PUBLISHER

Local News.

A daughter was born to Mrs. Jas. Sorensen, Jr., yesterday.

Fresh creamery butter every morning at Oran Lewis'.

A son was born to Mrs. Hans Larsen last Saturday. All well.

Mrs. A. E. Barnes will be the guest of her daughter, Mrs. O. T. Kendall, for the month.

A carload of tin cans has been received by the Spanish Fork Canning Co., the price of which is nearly two thousand dollars.

All those having fruit to sell to the Canning Factory, such as peach, apples, pears, tomatoes, will please see Nephi Hansen at once. The factory will start next week.

New line of men's hats, dress shirts, and gloves have arrived direct from the east, sold at Eiriksson's prices. "We do not understand the scrip prices."—G. O. Eiriksson.

Last Friday the local Basket Ball team defeated the Benjamin team with a score of 4 to 2. The Benjamin boys will play a return game in Pack's pavilion in the near future. Tomorrow the team will go to Lehi to play.

Today's ball game proved a disappointment to the local fans on account of the failure of Salt Lake to show themselves at the proper time. By using three of Eureka's men and two men from Provo, the management got together a line-up that held the Blue Rocks down to 8 runs and scored 4 themselves.

Last Tuesday five cars broke away from the freight train headed Eureka, above the loop; they ran down some distance and jumped the track. Two of the cars were so badly damaged that they were set fire to and burned up, the other three were picked up. It took till last night to clear the track, during the blockade passengers walked from one train to the other passing the wreck.

The district schools of Spanish Fork will begin September 3rd. All school children must be in school the first two weeks or pass a special examination before entering their respective grades. The high school will begin the same time. It is hoped Spanish Fork will have the largest high school in the county, as she had the largest graduating class. Parents, kindly arrange for your children to start school Sept. 3, as it will aid them greatly in their work.—Principal.

Ed. Bogue of Rutland, Vermont, is the guest of Mr. and Mrs. A. F. Engberg. Mr. Bogue is associated with the management of the El Paso & South-Western Railway Co. and is in Utah now for the purpose of looking over the field with a view of extending the lines of his company northward. Mr. Bogue expresses his surprise at the wonderful resources of Utah county, and particularly of Spanish Fork. He predicts a great future for the valley and points out Spanish Fork as the natural railroad center for all lines extending westward. Mr. Bogue leaves for Los Angeles today.

One of the excellent series of parties given by the Y. L. M. I. A. of the First ward was held at Samuel Holt's on Tuesday last. About 75 members were present and all were heartily pleased with the entertainment. The forepart of the evening was spent in listening to an excellent program, a special feature of which was a comic story, "When the Automobile Ran Down." Games and songs were indulged in with the vigor which only youth and age combined can give. Dainty and unique refreshments, served on the well lighted lawns, fittingly crowned a "long-to-be-remembered good time." The officers of the Y. L. M. I. A. feel highly encouraged as to the future success of the organization.

The Catalogue of the Agricultural College of Utah for 1906-7 is at hand. This institution offers many splendid opportunities to the young which they should not permit to pass by. The Agricultural College of Utah constitutes part of the public school system of the State. It comprises five different schools,—the School of Agriculture, the School of Domestic Science and Arts, the School of Commerce, the School of Engineering and Mechanic Arts, and the School of General Science; also the Agricultural Experiment Station, which, while not providing directly for instructional work, is one of the most important departments of the institution. See advertisement on page 4 of The Press.

FAIR PLAY FOR EPHRAIM

Editor Press: Dear Sir—I read an article in The Press Aug. 9th, in relation to our state encampment of the Indian War Veterans entitled "Hardly Satisfied;" the writer says he saw nothing free in Fort Ephraim but bad water, or advice where we could get the most booze for cash. We were furnished hay and wood and cream for our tea and coffee, and they sold us bread as cheap as I have ever seen it sold at any of our camp fires. They put up electric lights around the grounds that gave us good light, we had good water, they gave us all they promised to give. "Hardly Satisfied" believes it was a money making scheme. From my experience in the camp fires that we have had in Spanish Fork I fail to see where they made much money. It was an expense to Spanish Fork when we had the Camp Fires here; I was in a position to know. At Fort Ephraim they kept a man in each yard to watch our horses and feed them, and as for beer and so forth, they sold it as cheap as they do in Spanish Fork. Edward P. Thomas.

Mrs. A. B. Rockhill and children are spending their vacation at Castilla.

Mrs. Ern Williams presented her husband with a new daughter this morning.

Miss Alice Lund of Ephraim spent Sunday and Monday in town with friends.

'Tis easy to dry apples if you have the Improved Apple Peeler, sold by Oran Lewis.

Get off the earth—out of the mud—into a pair of Friedman shoes, sold only by Eiriksson.

Miss Mae Holman, supreme deputy of the Royal Neighbors of America for Utah, is in town for a few days; last Tuesday evening she assisted the local camp in initiating five new members. A delicious lunch was served after the meeting.

"It's all off now," and so will you be, if you don't call on me to show you the best and snappiest line of samples for tailor-made clothing that has ever been shown. Don't worry about the fit, that is guaranteed. See samples at Dell Brockbank's barber shop.—Robert M. Boyack, agent.

Mayor Creer has returned from Colorado Springs. Mr. Creer informs us that Chef Leavitt and wife will arrive in this city in a day or two and stay here about three weeks, when Mr. Leavitt will leave to commence work on the Inyo mine. There will be something doing down in that country this fall.

A social was given at the home of Mrs. Theo. Lee Wednesday evening in honor of Misses Ruth Storer and Ada Hartley of Salt Lake City. A merry crowd of young people were present. Delicious refreshments were served and the evening was spent most pleasantly with games and music.

The Capital News of Boise, Ida. Aug. 10, says: Fred S. Dart, of the firm of Stewart & Dart, the heaviest honey producers of Utah, left for the west today after a short stay in the city. Their place of business is Spanish Fork, near Provo. Mr. Dart was here looking over this section to study conditions and may make a few purchases of potatoes and fruit for a Utah company.

TOUT SISTERS COMING.

Utah has many sweet singers among her people. In late years they have been graduating from home, Eastern and European conservatories in numbers probably larger than is furnished by any other state. Conspicuous in this great band of minstrel folk is the Tout family of Ogden. Two or three seasons ago, it will be remembered how Miss Nannie Tout, the oldest daughter, caused a veritable sensation in England with her huge dramatic soprano voice, and how, after one of her marked concert triumphs she was commanded to sing before the king and queen. Following this important event in the young artists' career, came the personal thanks of her majesty, accompanied by a gorgeous gown, the gift of Queen Alexandra herself. Later came a free scholarship in the Royal College of Music, and then the distinction and decoration received at the notable Welsh Eisteddfod. This young lady will be heard in grand concert at the Spanish Fork pavilion August 20th, and will be assisted by her talented sisters, Misses Maggie and Hazel Tout; also their father, Edwin F. Tout, making one of the best concert companies traveling in America. Do not fail to hear these artists.

The price of sugar is still down at Eiriksson's.

Mr. and Mrs. Lorenzo Thomas are visiting relatives at Blackfoot, Idaho.

Mrs. Rumel, James A. Martell's mother-in-law, has gone to Sacramento; she will return in ten days.

*The Stewart & Dart Honey Co. shipped the first carload of honey of the season last Monday. They hope to ship another car soon. They are "going some" these days. If you don't think so ask B. A. Montague, the manager during Mr. Dart's absence.

Misses Pearl Stewart, Jessie Lee and Mary Thomas returned Monday from a camping party at Maple Grove, near Mapleton. They were accompanied by Misses Ruth Storer and Ada Hartley of Salt Lake, who are the guests for a week of Miss Jessie Lee. They report a very enjoyable time.

Editor Press: Dear Sir—A report to the effect that I am about to dispose of my stock in the Bank of Spanish Fork being in circulation, I wish to emphatically deny it, as I have no stock for sale, and wish you would kindly insert this letter in the first issue of your paper. Very truly yours, Geo. D. Snell, jr.

C. M. Humphrey of Provo was in town Monday on business.

Good butter and eggs wanted, cash paid, 18c per doz.—Eiriksson.

Mrs. Chas. Allen of Ogden is visiting with her brother, Chas. T. Kendall.

For Sale—A good 34 inch Schuttler wagon. Enquire of Fred M. Cornaby.

Wanted—A waitress for the hotel at Castilla, good wages—Apply at Y. M. Co-op.

Alex Matley is laying off on account of having a couple of fingers mashed rolling a keg of beer a week or so ago.

Everybody wait for and then go to the Sunday School Excursion at Castilla, August 25. A good time is assured. Fare 50c; children 25c. Good music; good bathing; good company.

A. T. Stuart, a veterinary surgeon and dentist, formerly of Elko, Nevada, has located in this city, where he will practice his profession, and will be located at B. H. Brown's stable.

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heartburn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at its formula will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of the following native American forest plants, viz., Golden Seal root, Stone root, Black Cherry bark, Queen's root, Bloodroot, and Mandrake root.

The following leading medical authorities, among a host of others, extol the foregoing roots for the cure of just such ailments as the above symptoms indicate: Prof. R. Bartholow, M. D., of Jefferson Medical College, Phila.; Prof. H. C. Wood, M. D., of Univ. of Pa.; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago; Prof. John King, M. D., Author of American Dispensatory; Prof. J. M. Souther, M. D., Author of Specific Medicines; Prof. Laurence Johnson, M. D., Med. Dept. Univ. of N. Y.; Prof. Finley Ellingwood, M. D., Author of Materia Medica and Prof. in Bennett Medical College, Chicago. Send name and address on Postal Card to Dr. R. V. Pierce, Buffalo, N. Y., and receive free booklet giving extracts from writings of all the above medical authorities and many others endorsing, in the strongest possible terms, each and every ingredient of which "Golden Medical Discovery" is composed.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. They may be used in conjunction with "Golden Medical Discovery." If bowels are much constipated, they're truly and sugar-coated.

SPECIAL ANNOUNCEMENT

The

Central Lumber Co.

has opened a yard in Spanish Fork, half a block north and half a block west of the postoffice, with a complete stock of Lumber, Lath, Shingles, Mouldings, and other building material; also Glass, Paints and Oils. We are prepared to furnish all kinds of mill work on short notice.

Don't fail to call on us when in need of anything in our line. All orders will receive prompt attention.

CENTRAL LUMBER Co.

R. B. BOYACK, Local Mgr.

Spanish Fork

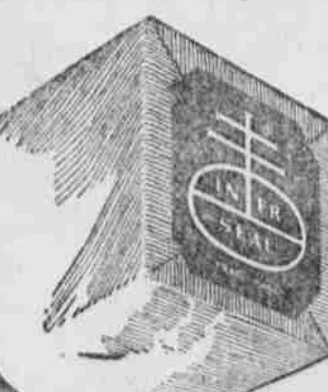

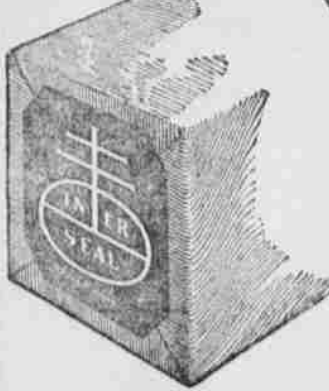

Where Baking Begins Right

The baking of the NATIONAL BISCUIT COMPANY begins with right material, and every step thereafter through the whole process of baking is right. There is not one point of quality that care, skill and modern bakeries could make better. It is perfection itself—through and through.

It Ends Right

when it reaches your table untouched by strange hands, untainted by odors. The quality, oven-flavor and freshness are preserved in a dust and moisture proof package, distinguished by the trade mark here shown. It always appears in red and white on each end of the package and warrants the perfect condition of the contents. For example try packages of

GRAHAM CRACKERS—possessing the rich, nutty flavor of graham flour—unlike any graham crackers you ever tasted.
FROTANA—a temptingly delicious union of biscuit and fruit—the newest delicacy of the National Biscuit Company.

The local base ball enthusiasts made arrangements for the Duke team of Salt Lake and the E team to play a game of ball here 16, for a purse of \$100. The two are the best in the state and they decided that Spanish Fork would be the best place to decide who were the champions. Mr. J. W. Gull, manager of Pack Bros. pavilion, has made arrangements with the D. & R. G. to run excursion from Eureka on the morning of the game and a dancing excursion that evening.
